Testimonial on quality of Sure Lock mechanical pipe joints

*Dear Yury Aleksandrovich!*

In reply to your ref no. 152-09-09 dated 21.09.2009 on provision of information on the quality of Sure Lock mechanical pipe joints we advise as follows:

During the whole period of use of Butler installation at the disposal of OOO “Pipeline Transport Service” the enterprise has installed 96 km of pipelines of various diameter on the territory of Komi Republic and Perm Region. During construction of all pipelines, plant prepared pipe products with inside and outside anti-corrosive coating were used.

To date, OOO “Servis TT” has received no claims from customer operational services, no notices of accidents at pipelines constructed using this pipeline construction technology. There were no requests for warranty repair or replacement.

Appendix: Total length of constructed pipelines - 1 page.

Sincerely yours,

Deputy Director  
For Development

K. A. Kuznetsov

The quality management system of the organization has been certified to meet the requirements of ISO **9001:2000**
